Every Day is Game Day

Today's youth are struggling to find direction. Faced with the reality of issues such as suicide, drug and alcohol addiction, pregnancy, obesity, depression and domestic violence, teenagers and young adults are in search of a message of affirmation and hope. Professional Speaker Paul Vitale has developed the Game Day Series as a unique avenue to motivate and encourage students to make good choices for their future.

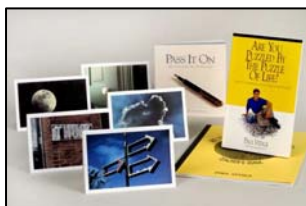

Educators are charged with the enormous responsibility not only to teach, but also to play a number of important roles in their students' lives. How to be responsible, live a balanced life and treat people with respect are only a few qualities educators instill in their students constantly. With the Game Day Series, Paul reinforces these important qualities, as well as provides a message of affirmation to students who are searching for direction and hope. For further information on the Game Day Series, contact Paul at 501-868-8195.
